

Donations

A club can only live with members and money. C3L is no exception. Right now we have members but we lack the money to finish or even create new projects. As a club we know that if you want to attract new donations you need to provide the donor something in return. It must be visible what your donated money is used for. That's why we are now putting a donation bar on every project Wiki page. This indicates what project needs money and how much.

A simple overview of fund-able projects has now been created. So if you want to help us finishing projects or to kick-start new ones then please go ahead. Check out our [current projects](#) and decide by yourself what you want to actively support. No project found that you are interested in? [Join us](#) and launch it by yourself!

We accept Bitcoin, Ether, [cash via mail](#) and of course wire transfers!

Projects

Here's a list of projects that currently seek funding:

- [YAB - Yet another Bar](#)
- [Hydroponic - Indoor Gardening](#)
- [Frënn vun der Ënn - Tor Exit Node Hosting](#)
- [Freifunk - Public WiFi done right!](#)
- [Ultimaker 3](#)
- [CNC-mill](#)

Webshop

Spread the word by wearing one of our Club shirts. You can order on our [outsourced online shop](#). Easy payments, fast delivery and good quality.

Should you want to buy the stuff with Bitcoin then you should use a service like [Bitwala](#).

Membership

The membership is open to every person who would like to be an effective member of the organization. C3L actually differs between **effective members** whom have the right to vote on the [\(Extraordinary\) General Assembly](#) and the **support members** whom wish only to support and thus have no voting right on EGAs.

The membership fees for people with a regular income lies with **50€** per year and for pupils / students **25€** per year. Starving hackers are always welcome to send us an e-mail or come and talk to us and we'll surely find a solution.

C3L is a non-profit organization and thus, lives about its membership fees and donations. The financial support helps the organization to cover costs which are essential to run the club (e.g. funding projects or buying hardware that is shared within club members).

We encourage you to come a few times along to the [chaosmeetings](#) and have a look around before becoming a member, this should give you the chance to take the right decision for yourself without being over-hasty.

To subscribe, please fill out the [following form](#) and send the signed document back to info@c3l.lu
